FEATURES & TRAITS

Determination

When you make a D20 Test, you can do so with Advantage. Once you use this trait, you can't use it again until you finish a Long Rest.

Standing Leap

As a Bonus Action, you can jump a number of feet equal to five times your Proficiency Bonus, without provoking Opportunity Attacks. You can use this trait only if your speed is greater than 0. You can use this trait a number of times equal to your Proficiency Bonus, and you regain all expended uses when you finish a Long Rest.

Stronger Together

If you miss with an attack roll, you can take a Reaction to gain a bonus to the roll equal to the number of allies that you can see within 30 feet of you (maximum bonus of +3), potentially turning the miss into a hit.

Weapon Mastery

Your training with weapons allows you to use the mastery properties of two kinds of weapons of your choice with which you have proficiency, such as Longbows and Shortswords. Whenever you finish a Long Rest, you can change the kinds of weapons you chose. For example, you could switch to using the mastery properties of Scimitars and Longswords.

Defense

While you are wearing armor, you gain a +1 bonus to AC.

Planar Strike

You can draw on the energy of the multiverse to augment your attacks. Once on each of your turns, when you damage a creature marked by your Hunter's Mark, the target takes an extra 1d8 Force damage.

Extra Attack

Beginning at 5th level, you can attack twice, instead of once, whenever you take the Attack action on your turn.
