FEATURES & TRAITS

Defense

While you're wearing Light, Medium, or Heavy armor, you gain a +1 bonus to Armor Class.

Second Wind

You have a limited well of physical and mental stamina that you can draw on. As a Bonus Action, you can use it to regain Hit Points equal to 1d10 plus your Fighter level. You can use this feature twice. You regain one expended use when you finish a Short Rest, and you regain all expended uses when you finish a Long Rest.

Action Surge

You can push yourself beyond your normal limits for a moment. On your turn, you can take one additional action, except the Magic action. Once you use this feature, you can't do so again until you finish a Short or Long Rest.

Tactical Mind

You have a mind for tactics on and off the battlefield. When you fail an ability check, you can expend a use of your Second Wind to push yourself toward success. Rather than regaining Hit Points, you roll 1d10 and add the number rolled to the ability check, potentially turning it into a success. If the check still fails, this use of Second Wind isn't expended.

Manifest Echo

You can use a bonus action to magically manifest an echo of yourself in an unoccupied space you can see within 15 feet of you. This echo is a magical, translucent, gray image of you that lasts until it is destroyed, until you dismiss it as a bonus action, until you manifest another echo, or until you're incapacitated. Your echo has AC 14 + your proficiency bonus, 1 hit point, and immunity to all conditions. If it has to make a saving throw, it uses your saving throw bonus for the roll. It is the same size as you, and it occupies its space. On your turn, you can mentally command the echo to move up to 30 feet in any direction (no action required). If your echo is ever more than 30 feet from you at the end of your turn, it is destroyed. You can use the echo in the following ways: As a bonus action, you can teleport, magically swapping places with your echo at a cost of 15 feet of your movement, regardless of the distance between the two of you. When you take the Attack action on your turn, any attack you make with that action can originate from your space or the echo's space. You make this choice for each attack. When a creature that you can see within 5 feet of your echo moves at least 5 feet away from it, you can use your reaction to make an opportunity attack against that creature as if you were in the echo's space.

Unleash Incarnation

You can heighten your echo's fury. Whenever you take the Attack action, you can make one additional melee attack from the echo's position. You can use this feature a number of times equal to your Constitution modifier (a minimum of once). You regain all expended uses when you finish a long rest.

Extra Attack

You can attack twice instead of once whenever you take the Attack action on your turn.

Tactical Shift

Whenever you activate your Second Wind with a Bonus Action, you can move up to half your Speed without provoking Opportunity Attacks.

Brave

You have Advantage on saving throws you make to avoid or end the Frightened condition.

Communal Gift

You can take the Help action as a Bonus Action.

Darkvision

You have Darkvision with a range of 60 feet.

Endurance

When you take damage, you can take a Reaction to roll 1d12. Add your Dexterity modifier to the number rolled and reduce the damage by that total. You can use this trait a number of times equal to your Proficiency Bonus, and you regain all expended uses when you finish a Long Rest.

Keen Senses

You have proficiency in the Perception skill.

Nimbleness

You can move through the space of any creature that is a size larger than you, but you can't stop in the same space.

Weapon Mastery

Your training with weapons allows you to use the mastery properties of three kinds of Simple or Martial weapons of your choice. Whenever you finish a Long Rest, you can practice weapon drills and change one of those weapon choices. When you reach certain Fighter levels, you gain the ability to use the mastery properties of more kinds of weapons, as shown in the Weapon Mastery column of the Fighter Features table.
